RE: **CHARGES FOR CONTRACT SERVICES FOR 2010-2011**

The following rates for contract services provided by the Stanislaus County Office of Education have been estimated for the 2010-2011 fiscal year. There may be a minor adjustment in some rates when additional information on actual salary costs and ADA are known. Again, we have endeavored to contain costs wherever possible. Some increases may be necessary in order to partially cover costs.
